

TO PRINT AGENDA OR PACKET

1. Open the item hyperlink.
2. Click on the Google docs button to enable editing features.

3. From this window, you can save the document to Google Drive, print or open in its original format to edit.

4. If you select print, the document will open in PDF format and a print screen will prompt you to print.
5. If you choose to open the document in its original PDF format, you will have access to the PDF editing features at the bottom of the page, i.e. save, print, viewing, etc.
